Welcome!

Welcome to the queen class of 2025! We are so very excited to join together to show confidence and beauty while advocating for our favorite industry Agriculture! A Miss agHERculture queen is someone who can promote their passions and connect with the community through a crown and sash. You should pick a platform to advocate on throughout your reign and to utilize during the competition. We hope you utilize your reign to gain confidence, learn more about the agriculture industry and to develop lasting relationships with fellow women in agriculture.

Congratulations on qualifying for Miss agHERculture Texas State Pageant!

Platforms

A platform is a passion or cause that the queen wishes to advocate for during their state queen reign. For our program, we encourage you to create a platform based on agriculture. The queens platform should be displayed on their social media and will be added under their yearbook photo online and in the national yearbook.

Don't know where to start when creating your platform. Answer these questions:

1. What is your favorite part of agriculture?
2. Does this favorite have a pitfall?
3. How can you help the public fix this pitfall?

After you decide on your platform topic create a fun "catchline".

Example:

Safety in agriculture is a growing concern as there are many moving parts in machinery, electrical concerns, and more.
"Agricultures #1 Concern: Safety"

There will be Platform workshops set up throughout the year if you need assistance creating your platform.

City Queen Goals

What are things you want to accomplish in your state reign? Each queen has a minimum of 365 days, which will go rather fast, to accomplish goals, and dreams and to educate those on their platforms. These goals should be "SMART": Specific, Measurable, Achievable, Relevant, and Time-bound. In each queen registration kit, a calendar with goal sheets has been gifted. Utilize this to create state queen goals.

Examples of some goals to set:

- Compete at the State Pageant.
- Make two new friends within the pageant system.
- Create a platform and speak at one event about it.
- Win one area of competition at the state pageant.
- Visit another state.
- Attend one 4-H/FFA event.
- Read 10 books to the local elementary school.
- Organize and excute a clothing donation drive.
- Invite other women and girls to join Miss agHERculture.

State Entry Fees - A portion of these fees will go directly to their division's scholarship. This means that when the division has more participation, they will see a higher scholarship.

Texan Entry Fees - a portion of these fees will be divided evenly across the 7 state age divisions, 3 Texan titles and Scholarship Ambassador(s) if there are any.

Texas Scholarship Ambassador - the \$2500 will be divided evenly across the 7-state age divisions and 3 Texan titles.
